

designer

with upgrade options

In addition to our core Integrity Designer inclusions, Integrity New Homes offer all of our clients a diverse selection of optional upgrades which are readily incorporated within the standard Designer inclusion package. Upgrade options are denoted in this brochure in green along with the price. Please speak to your Integrity New Homes Sales Consultant for more information today!

Standard Designer Specification

Upgrade Options

internal

The Integrity New Homes Designer inclusion package incorporates quality products with a contemporary modern feel.
NOTE: *Technical specifications and product sizes can be varied by the manufacturer at any time, without notice. The information provided is indicative only and was correct at time of publication. Integrity New Homes reserves the right to vary the products shown. Should a different brand be substituted it will be replaced with a product of equal or better standard.*

Manufacturer warranties apply. All pricing is in lieu of the standard designer inclusion items.

STANDARD

Everpure Platinum Inline WATER FILTRATION SYSTEM

WFA's Platinum introduces great tasting, crisp, clean filtered drinking
water, now available directly from your kitchen tap.

Fast flow at over 8 litres per minute.

Everpure's highly engineered submicron design rids water of unwanted
lead, particulate and chemical impurities, and provides a fast, convenient,
filtered water flow that won't slow you down.

Everpure's signature metal canister delivers commercial grade
durability and quality and protects the filter system from splitting or
bursting. It's lined with a food grade polymer that prevents the water
from coming in contact with the metal.
Leaves vital minerals found naturally in water, so you get the best tasting
water possible.
