External Selections

Mortar Joint Profile

Ironed

Ironed joints are very effective at repelling rain penetration due to its recessed profile and the tight seal formed by compacted mortar.

Speak to your sales consultant about additional brick selections and joint types.

Cladding Options

Primeline™ Newport weatherboard

a smooth, narrow weatherboard. Compatible with the HardieLock™ fixing system.

Stria™ cladding

features a horizontal ship-lapped joint – the fast way to achieve a timeless and classic look that endures.

Axon™ cladding

vertically grooved cladding panel that looks sharp and uniform – it delivers a pristine look that lasts.

Matrix™ cladding

an exterior cladding system with a geometric, expressed-joint look.

Linea™ weatherboard

a 16mm thick horizontal weatherboard, with deep shadow lines – it's the weatherboard that weathers well. Ideal for that hamptons look.

Entry Door (Hinged)

Your front door sets the impression for what will be revealed upon walking into your home as well as complimenting the style of your façade. Selection can be made from the painted finish Hume Vaucluse range up to \$250 Retail Allowance.

Should you wish to explore further options within the Hume catalogue or want an upgrade to a stained finish, your colour consultant can help you find what you are looking for.

Features:

- Bushfire BAL 12.5 suitable
- Solid core construction engineered for strength and stability
- Optimised design, styling to one side and smooth to the other
- Craftsmanship & high quality materials unite in these beautiful doors

Roofing, Fascia and Gutter

The COLORBOND® steel range of designer colours offers a classic and contemporary palette to enhance the beauty of every home style. Where better to look for inspiration than in Australia's own magnificent backyard. From our mountains to the outback, from creek beds to beaches, COLORBOND® steel captures the light and energy that makes Australia's colours so unique. You'll find 22 colour choices to create the ideal look and feel for your home.

Much of your 'street appeal' is based on your home's colour scheme. That's why it's so important to co-ordinate the colour of your roof, gutters, fascia and downpipes with your render, bricks, window frames, garage doors and entrance. The COLORBOND® steel palette of 22 colours provides inspiration to create the perfect colour scheme for your entire home.

- ① Also available in COLORBOND® Ultra steel for coastal and industrial environments. All other colours are available in COLORBOND® Ultra steel on request, please speak with your supplier.
- ⑤ Also available in COLORBOND® Stainless steel for severe coastal and industrial environments. Please speak to your supplier for more information regarding availability.

Cornice

While cornice effectively bridges the junctions between walls and ceilings, its purpose extends beyond function, providing the perfect finishing touch to the aesthetic harmony of a home.

Cove cornice has long been the standard cornice choice for Australian home builders. Its functional profile does not detract from common decor style and it is available in three profile sizes (55mm, 75mm and 90mm). The 75mm and 90mm sizes are at an additional cost.

The simple curve of Cove cornice gives it an understated presence throughout the home, allowing other architectural design features to become the hero.

The mid-level sheen of Dulux Wash&Wear Semi Gloss is a finish that works well on walls or even as an alternative to enamels on doors and skirting boards. 101 Barrier Technology creates a tough, hard wearing barrier that withstands wear and tear.

Features

- 101 Barrier Technology
- Withstands wear and tear
- Low odour & Low VOC at <16g/L tinted & untinted (Volatile Organic Compounds contribute to atmospheric pollution)

Benefits

- Wipe away most common marks, scuffs and stains with a wet cloth
- Looks freshly painted for years
- Exceptional washability

Tip: Choose the acrylic based enamel for all your doors, skirting and architraves as it doesn't yellow.

Dulux
